OUTLINES.

At Montgomery, Ala., yesterday the Rev. Sam H. Windham, a Methodist preacher, threatened to kill Evangelist Sam Jones if he did not marry him and aid him in some meetings—One rumor has the Russian fleet still lingering at Kamranh Bay and another that it has slipped safely through the Straits of Formosa; France assures Japan that she will maintain neutrality; the Russians are elated that none of Rojestvensky's colliers have been captured—Crete has declared for union with Greece—The referee in the bankruptcy matter of Daniel J. Sully, the cotton bull, recommends that the hearing be reopened; he makes some sensational points and among other things expresses the opinion that transactions on the New York Cotton Exchange are gambling; if the court sustains the referee's report Sully is solvent—The turpentine operators of Alabama, Mississippi, Louisiana, Florida and Texas have combined, with capital of $3,500,000, to export their own products—Nan Patterson's lawyers declare that they will prove that she is innocent of the murder of Caesar Young—Kaleieff, assassin of Grand Duke Sergius, whose mother is of noble family, will be hanged next week—Andrew Carnegie proposes to make a gift of $43,000 to Guilford College, N. C., if its friends will duplicate the amount, which they propose to do—Joseph Jefferson is able to sit up and it is believed he will recover from his illness at Palm Beach, Fla—New York Markets: Money on call strong and higher, 2 3-4 to 6 1-2 per cent, closing bid 5, offered at 5 1-2; cotton, spot quiet 7.80; flour quiet and barely steady; wheat weak, No. 2 red, 1.03 1-4 nominal elevator; corn steady, No. 2 60 elevator; oats steady, mixed 35 to 35 1-2; turpentine easy 57 to 57 1-2; rosin steady.

Weather Forecast.

For North Carolina—Fair on the coast, rain in interior Friday; Saturday, rain and cooler, fresh South winds.

A girl with a charming flush on her cheeks will have more callers than a man with a straight flush in his hand.

To shoot a bear while held at bay by forty dogs is—well, its just about as sportsmanlike as it is to shoot baited turkeys from a "blind."

Somebody is advertising a brand of coffee known as Ferndell. We presume it is different from the inferndell stuff generally sold for coffee.

The market reports from Cincinnati quote: "Hogs are quiet." It ought to be the same here with the ones who refuse to come across with the price of an Easter hat.

Rojestvensky and Togo have got us all at sea trying to figure out where they will meet to decide which shall go down on a visit to McGinty at the bottom of the sea.

We are not surprised that the President killed that bear in Colorado. We knew there would be trouble bruin as soon as the "mighty hunter" entered the chase.

In Chicago six women have rushed into the lime-light to claim Johann Hoch as their husband. Still that is not as bad it would be for a man to acknowledge that the six are his.

When President Roosevelt comes back from his bear hunt in Colorado acting President Taft can be called in to show him the way to sit on the lid so it can't fly up and hit him in the face.

Can a woman dress on $65.00 a year? This is the burning issue now with many newspapers. We don't know; but we could tell at the end of a year if the right sort of girl would give us the opportunity.

The Secretary of the Treasury is studying a plan how best to circulate money. Has he ever thought of calling in the ladies and making them his medium of monetary distribution just a short while before Easter?

The Rev. J. H. Baldwin is arranging to get out a special Southern industrial edition of the Charlotte Chronicle May 20th, for the benefit of the Piedmont Industrial School, of which he is principal. He will be assisted by about a dozen bright ladies and they will make The Chronicle a hummer.

LOCAL DOTS.

—The store of the F. E. Hashagen Company will be closed to-day on account of Good Friday.

—The schooner Eliza A. Scribner cleared yesterday for New York with cargo of lumber from the Cape Fear Lumber Company. The schooner Isaac T. Campbell arrived yesterday with cargo of fertilizer in bulk for Crow Bros., of Monroe, N. C. Both vessels are by C. D. Mafflitt. The Campbell is discharging at the Carolina Central wharves for interior shipment.

—The pardon for young Ernest Porter, serving a term of two years on the New Hanover roads for seduction, as spoken of in the Raleigh dispatches to the Star yesterday, was received by Sheriff Stedman from Governor Glenn yesterday. The pardon is conditional upon the young man's good behavior in the future. The case was one from Delgado, Porter having been a travelling insurance agent.

Wedded at Fair Bluff.

Mr. Charles H. Holsonback, lately of the army post at Fort Casewell, arried last night from Fair Bluff, N. C., with his bride, nee Miss Maude Scott, and they will make this city their home in the future. They were married at Fair Bluff yesterday afternoon and left soon after the ceremony for Wilmington. The grom was accompanied to Fair Bluff by Corporal W. D. Barbee, clerk in the headquarters at Fort Caswell, who acted as best man at the ceremony. Mr. Barbee also returnel last night and will return to the fort this afternoon. Since the term of his enlistment has expired, Mr. Holsonback will live in Wilmington, and has accepted a clerkship in one of the large dry goods establishments here.

NON SUIT SUFFERED

Sykes Against Consolidated Company for Damages Ended in Court Yesterday

APPEAL, HOWEVER, TAKEN.

Interesting Controversy Over Possession of Child—Judgments in Several Cases—Order in Steamboat Litigation.

The only case of interest disposed of in the Superior Court yesterday was that of R. J. Sykes against the Consolidated Railways, Light and Power Company, in which the plaintiff sued for the recovery of $5,000 damages received by him through the alleged negligence of the defendant company about two years ago. Mr. Sykes was employed at the gas house of the company, and while about his work one night, a door fell upon him, breaking his leg and otherwise injuring him. The case was entered upon first thing when court convened in the morning and was completed early in the afternoon, the plaintiff having been non suited under the provisions of the Hinsdale act, Chapter 109, Laws of 1897. Messrs Russell & Goodman and E. K. Bryan appeared for the plaintiff while the interests of the defendant company were looked after by Messrs. Iredell Meares and Eugene S. Martin. After some time had been consumed in the selection of a jury and the plaintiff had rested its testimony, Mr. Meares moved to non suit the plaintiff on the grounds that the evidence was insufficient to go to the jury. The motion was strongly resisted by attorneys for the plaintiff, but Judge Allen finally granted it, and an appeal was taken by the plaintiff to the Supreme Court. Notice of appeal was waived and bond was fixed at $25 unless the plaintiff complies with the statute and appeals in forma pauperis.

Court met at 10 A. M. as usual and the sheriff returned as jurors for the day Chas. S. Burnett and Silas Sneeden; not found, R. G. Stackley, C. R. Anderson and J. F. Casteen. In the case of Floyd McKoy against Lula McKoy, an alias summons was ordered to issue. In the case of Zillah Fowler against John J. Fowler and others an order was made to correct deed and for other relief.

The case of D. McEachern against A. H. Slocomb was continued until Saturday. In the case of H. L. Vollers against the Cape Fear and People's Steamboat Co., an order was made authorizing D. McEachern, receiver, upon proper release by Mrs. S. F. Robeson, to execute a release of all the interest of the defendant company to the steamer E. A. Hawes to Mrs. S. F. Robeson, the cause being retained for further orders and direction.

Yesterday afternoon some time was spent in the hearing of an interesting petition for habeas corpus brought by Lee A. Justice, through his counsel, Geo. L. Peschau, Esq., asking for part possession of his child, Mary Evelyn Justice, whose custody is in Mrs. Evelyn Justice, wife of the plaintiff from whom he is separated, and her mother, Mrs. Sophia Johnson. The child is 21 months old and Mr. Justice, who is a member of the Wilmington Fire Department, asked that he be permitted to see the child and have her in his possession a part of the time. A large number of witnesses were heard for both sides and the domestic troubles of the young husband and wife were fully brought out. Judge Allen expressed regret at the condition of affairs developed, and made a temporary order leaving the child in the possession of the mother, but requiring the mother not to remove the child from the city. He stated that he would make another order later in the week allowing the husband to see the child and to divide the time of the child in the possession of the mother and father. That disposition of the case was satisfactory to the petitioner. Woodus Kellum, Esq., appeared for the mother of the child.

In the report of the proceedings in the case of Hart against the Wilmington Grocery Company yesterday this paper intended to express no opinion as to the merits of the case, and while the plaintiff alleges negligence on the part of the defendant and permanent injury to the plaintiff, this is positively denied by the defendants. The paper knows nothing of the facts, and would not think of intimating to the public the right of the plaintiff to recover.

Secretary Huntington Here.

Mr. G. C. Huntington, Inter-State Secretary of the Y. M. C. A. in the Carolinas and one of the best known Association workers in the South, arrived yesterday and last night addressed a large audience in the local Y. M. C. A. hall on "Foreign Mission Work as Done by the Association in China and Japan." Mr. Huntington was introduced by Secretary Chas. Dushan and was heard with great interest and profit. Prior to the meeting a luncheon was given in honor of the Inter-State Secretary, who will return to Charlotte to-day.

Stole Bag Flour.

Jim McKoy, colored, was charged in the police court yesterday with the larceny of a quarter sack of flour from the store of Messrs. Brooks & Taylor, on the wharf. The negro was bound over to Superior Court and went to jail in default of $25 bond. Other cases in the police court yesterday, besides the larceny matter spoken of elsewhere in to-day's paper, were not important.

AN AUSPICIOUS CELEBRATION

Sixth Anniversary of Jeff Davis Council, Jr. O. U. A. M.—Present Bible and Flag to High School.

Jeff Davis Council, No. 63, Jr. O. U. A. M., most auspiciously celebrated the sixth anniversary of its founding last night in its hall on the third floor of the Murchison National Bank building. A number of members of George Washington Council were in attendance and joined most heartily with the sister lodge in the celebration of the happy occasion. Councillor L. F. Saunders presided with becoming grace and a number of informal speeches were made by prominent Juniors in attendance. The Council now has more than 150 mambers and is reckoned among the strongest in the State. After the regular exercises last night an elegant feast of refreshments was served.

One of the pleasing features of the anniversary meeting was the perfection of all arrangements for the formal presentation of a Bible and flag, according to the beautiful custom of the order, to the Wilmington High School. Friday night, May 5th, was named as the date for the exercises, which will take place in the Academy of Music. Governor R. B. Glenn and State Councilor Z. P. Smith have been invited to be present and make addresses upon the occasion. Governor Glenn has not yet accepted the invitation to come, but he is being strongly urged to do so.

Following the exercises at the Academy of Music the Juniors will assemble on Saturday morning and raise the flag over the school building with appropriate ceremonies.

ARRESTED FOR LARCENY.

Well Known Young White Man Charged With "Touching" Soldier.

Charged with the larceny of a watch from a drunken soldier from Fort Cas, well at the carnival grounds night before last, Joe Gorden and Frank Cumber, young white men of this city, were arrested yesterday morning and at the police court at noon each was held in the sum of $25 for his appearance at the next term of Superior Court. The young men claim that one of them found the watch at the carnival grounds. The soldier is Walter Kerth and he was picked up drunk and down at Ninth and Orange streets after 1 o'clock yesterday morning. The police learned during the day that a very fine watch had been pawned by Ed. Brewer for the paltry sum of $3 at E. Chadwick's bar on the wharf. Brewer told a straight story of how he came in possession of the timepiece and, finding that the property had been stolen, Mr. Chadwick readily gave it up for identification. The watch was carried into the police station and several persons arrested for being drunk and down the night before were asked if they had watches. The soldier Kerth said he had a gold watch but supposed the police had taken it off of his person when he was brought in the night before. He was told that no watch was on his person when he was brought in and he then gave an accurate description of the one recovered by the police. Later upon being shown the watch, he positively identified it as his property. The arrest of Gorden and Cumber followed, although they are confident of being able to show in the higher court that one of them found the watch.

The soldier was charged with being drunk and down and was fined $5 and costs.

TRAVELLING MEN TO-MORROW.

Distinguished Guests Coming—Morning Session An Important One.

All arrangements are now complete for the annual meeting, outing and banquet of the American Fruit and Produce Travellers' Association in this city and on Wrightsville Sound to-morrow. It is not yet definitely known whether Governor Glenn will be able to attend but it is announced as a certainty that Congressamn G. B. Patterson, of the Wilmington district, and Congressman Chas. R. Thomas, of the Newbern district, will be present and join with the travelling men in their festivities.

The morning executive session of the Association will be called to order promptly at 10:30 o'clock in the parlors of The Orton and at that meeting the annual election of officers will take place and much other business of importance will be transacted.

The party will leave for the Lighthouse, on the sound, to enjoy an oyster roast at 4 o'clock in the afternoon and will return in time for the annual banquet at The Orton at 9 P. M. A delightful meeting is assured and an unusually large attendance of the produce travelling men now in this territory is expected.

Stop on "Off" Corners.

In order to facilitate travel, after May 15th, the street cars of the Consolidated Company will stop at the further corner of the streets instead the first corner as now. The middle-block stops at red poles will continue the same as now. By the change in stops at street intersections, it is believed that much time will be saved, and with greater convenience to patrons.

Searching for Murderer.

Fayetteville Observer 20th: "Sheriff Geo. B. McLeod, of Robeson county, with a posse and bloodhounds, this morning began a search for the Dixons, who are charged with being implicated in the death of the negro Munn at Parkton last week. Sheriff McLeod is scouring the country between Hope Mills and Shannon. Deputy Sheriff Monaghan, of this county, left this afternoon to assist him."

THE BIGGEST DAY YET

Haymakers Carnival Scored Big Success Yesterday and Last Night.

THE SAECTACULAR PARADE

Hundreds Saw The Unique Procession and Followed it to The Grounds—Haymakers', Firemen's and Military Day.

Yesterday was Haymakers', Firemen's and Military Day at the carnival now in progress at Ninth and Orange streets and it was one of the biggest of the week. Last night the grounds would hardly hold the crowds and the various show tents and enclosures were packed until well nigh the midnight hour. Many people said it was the largest crowd they ever saw at a carnival and the show folks said they had no "kick coming" at the business they were doing. All the equipment of the Consolidated Company, including the large suburban cars was required to handle the traffic, and it was late before the congestion was relieved.

The big feature of the night was the spectacular parade of police, firemen, haymakers, band and the military which passed along the principal streets from Red Men's Hall and back to the carnival grounds about 8 o'clock. The procession was led by Mr. James Wimberg in extravagant costume, representing the ideal "Rube." Then followed a cordon of police composed of Officers G. R. Holt, R. L. Truelove, A. D. Smith, Alex. Wells and W. C. Moore. Next came the Carnival Band; then the Wilmington Division of the Naval Reserves in natty costumes of pure white duck; next the Boys' Brigade and then the Haymakers, in "Weary Willie" garb, the Haymakers' Band, the Delgado Band and apparatus of the Wilmington Fire Department. There were half a dozen or more marshals on horseback and as the procession passed in review a spectacular effect was given with colored torches. The parade was very creditable indeed and attracted the attention of hundreds who lined the sidewalks all along the route.

The order on the grounds last night was good and the merrymakers in few instances over-stepped the bounds of propriety. It was a jolly, good-natured crowd and those composing it appeared to be "getting their money's worth."

BLACK PATTI'S TROUBADOURS.

Sale of Seats for Both Matinee and Night Performances.

The four big features in this season's Greater Black Patti Troubadours' performance are "Looney Dreamland," a musical skit on Luna Park and Dreamland, Coney Island; "Pastimes on the Plantation," an exquisite and realistic exposition of the plantation scenes, dances and sayings of the genuine darkey, an imposing spectacle the "Glory of the Fair," typifying the magnificence of the St. Louis Fair and the "Offenbach Review" and kaleidoscope of the fascinating Parisian melodies selected from the Grand Duchess, La Perihole, Geneive De Brabaut, Girrofle Girrofla, and other standard opera bouffes, by the great Offenbach.

The sale of seats for the performance here Monday night will begin at Plummer's this morning. The sale of seats for the matinee performance began yesterday. If the sale is sufficiently large, the matinee will be given; if not it will be cancelled. At the matinee performance, the entire capacity of the theatre will be reserved for white persons.

BODY OF DROWNED MAN.

Gruesome Find By Engineer of Tug Rosa Yesterday Morning.

The body of an unknown white man, floating face upwards and arms extended, was discovered in Cape Fear river at Navassa bridge, four miles from the city by Engineer J. A. Peoples, of the tug Rosa, yesterday morning about 8 o'clock. The Rosa had a very heavy tow at the time and because of the freshet could not stop to recover the body without property loss, Engineer Peoples and others of the crew expecting to find the body again upon their return to the city in the afternoon. However, when they returned the body was no where in sight.

Mr. Peoples says the body had every appearance of being in the water several days. It had the appearance of being a man from the country. The man had a full beard and was clothed in overall with shoulder straps and a checked shirt. The tug Rosa is Capt. Chas. Wessell's boat and made a record trip up the river and back in an effort to find the body.

—Mrs. John H. Craig, of this city, received the sad news yesterday that her mother was dying at her home in Bowman, Ga. Mrs. Craig left on the Seaboard Air Line afternoon train for Bowman to be with her mother, who has been ill, but not seriously, for several weeks.

MAY DAY FESTIVAL.

For the Benefit of the Sorosis Public Library.

On Monday afternoon, May 1st, from 4 to 7 o'clock, on the grounds of the High School, there will be a May festival for children, consisting of a Baby Show and a May Pole Party.

All mothers are asked to bring their babies under three years of age. There will be five competent judges to award two lovely prizes to the two prettiest babies. Physical beauty, as well as beauty of feature, will be taken into account. The May Po'e Party is for all children. Mothers are asked to send their older children to enjoy this festive occasion.

A May Queen is to be chosen by means of a voting contest. Any one who would like to propose the name of a girl for a May Queen, send it to Miss Wiswell, 112 South Seventh street, before Saturday, April 29th. The list of names thus secured will be used to vote on during the first hour, each person being entitled to vote for every 5 cents.

Candy and ice cream will be on sale Admission 10 cents each. We hope the public will be interested in this May Day Festival, and gentlemen as well as ladies and children will give us their presence.

Addressed The Elks.

An added feature of interest to last night's regular weekly meeting of the Wilmington Lodge of Elks was a very pleasing address by Mr. E. W. Donham of St. Louis, who is here to organize the Wilmington post of the T. P. A. Mr. Donham is a gentleman of fine personality, a fluent speaker and a gentleman of extensive travel. He had something of interest to tell the Wilmington brethren and told it well.

SPECIAL TRIAL OFFER

THE MORNING STAR

AT REDUCED RATES

For the next sixty days we will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

For One Year . . . . $4.00.
For Six Months . . . $2.00.

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

MATCH FACTORY FOR NORTH CAROLINA.

The Rev. S. F. Conrad furnishes the Charlotte News an interesting item which The Star reproduces to show that North Carolina is fortunate in having a diversity of industries. In the News of Wednesday Mr. Conrad writes:

"It will no doubt be news to News readers that North Carolina wears the honor of having the first match factory in the South. This new enterprise is located at Ronda, on the Wilkesboro branch of the Southern, and about six miles above Elkin. The plant is backed by northern capital, and will represent an investment of about $65,000. An immense building, two stories high, and covering 90x1160 feet of ground, will be usued. Just enough machinery has been installed to test its working capacity, and also its fitness to do the work which is claimed for it. The machinery is a new invention of a Philadelphia man, and possesses many features of novelty. It requires five different kinds of machines, and some four or five other appurtenances to complete the process. The plant when completed will employ about 150 hands in its operation. The capacity will be 1,000 gross of matches per day, which means 144 dozen boxes in a gross, containing 100 matches in a box or 14,400,000 matches per day. The proprietor says they propose to run day and night, and can turn out a car load of matches every day. The plant will have about fifty machines. The manager of this plant is Mr. W. H. McElwee, of Statesville, and he informs me that he has applied to the D. A. Tompkins Company, of Charlotte, for $20,000 worth of machinery. In addition to the main building an adjoining building of large proportions has been purchased, in which they will manufacture their own boxes. The material for the matches will be gotten in the mountains. A soft white pine will be used, which is grown in this section, and peculiarly adapted for the purpose. This is one of the reasons for locating the plant in this section. The writer brought away some of the product of this plant, and the matches are exceptionally good. The village of Ronda is on the Yadkin and overlooks quite a beautiful view of the Yadkin river bottoms. It will no doubt derive much notoriety from this peculiar honor of having the first match factory in the South, and in adding this new laurel to North Carolina's fame. With glass, silk, matches, street cars, and an almost endless variety of goods being manufactured in the State, I see no reason why we may not chisel a new line on the Appomattox monument, and add: "The First in Manufacturing Industries of the New South."

Atlanta had a match factory twenty years ago but we doubt whether it is in existence to-day. The South is such an immense country that it is hard to tell what its industries are, but whether or not North Carolina is the only State in the South that has a match factory, it is gratifying to note that we are going ahead in diversifying our industries. When we have manufacturing industries of various kinds, they are not so liable to suffer in a period of depression as when all our eggs are in one basket. We do not like the idea of all our industries being being confined to one line, for "one idead" development in agriculture as well as in industry is a bad policy.

The Charlotte News referring to the match factory item which it furnishes us, says editorially:

"This is only one more instance of the wonderful future of North Carolina. Its vast possibilities can only be realized with the full development of its inexhaustible resources. This State now manufactures practically everything in common usage. The present is only a suggestion of what the future will be."

The undeveloped resources of North Carolina are immense. The one match factory, while within itself is a small matter, serves to point to the fact that the resources of the State in manufacturing, mining and agriculture are practically untouched.

THE ELECTRICAL CITY.

The Star a few days ago referred to the fact that Charlotte is exceedingly fortunate in being in the centre of an unlimited source of electrical production by water powers on the Catawba and Yadkin rivers. The Charlotte Chronicle adds this:

"The electrical development has scarcely begun. The Whitney works on the Yadkin are capable of furnishing one power after another to an extent almost unlimited, while the development of the powers along the Catawba by Dr. Gil Wylie promises to match the Yadkin developments. Thus on two sides Charlotte will have water power plants that will supply not only its present needs, but that will be sufficient when the city shall have more than doubled in size. Then there is the electrical pioneer, Mr. E. D. Latta, president of the 4C's Company, to be taken into account. He gave Charlotte its first electricity for power and lighting. He would have given the city its first water power service except for the delay which cloudy titles involved. Mr. Latta owns valuable water powers on the Catawba and will become a still more important factor in the development of Charlotte."

The Chronicle is quite right in acknowledging the worth of Mr. Latta to Charlotte. It is hard to estimate what a man of his enterprise and resourcefulness can do for the development of a city. He is rightly recognized as one one of the most conspicuous forces in the progress of Charlotte.

WHO IS THE MAN HIGHER UP?

A special dispatch to the New York Times from Washington on Tuesday: "All the ten members of the Pension Board of Review whose resignations were called for by Commissioner Warner complied with the request, and their resignations have been accepted. The incident is not yet closed, however. The offense for which the officials were practically removed was the granting of pensions to members of McLane's Pennsylvania Regiment, which was never mustered into the service. The explanation hitherto has been that they were very much rushed and passed the applications by accident. It is now stated, however, that the ten men passed the McLane applications by orders of a man higher up. This charge is said to have been made by some of the officials who have been forced to resign, and it is understood that it is being investi-

Who is the man higher up? He must be mighty high up as the correspondent does not venture to mention his name. It is presumed that if the man higher up is the one the public has reason to suspect the investigation will not go very far.

The Secretary of Agriculture has addressed himself to the project of interesting Southern farmers in silk culture. He has ascertained that the mulberry tree thrives all over this country and particularly in the Southern States, and he looks forward to a day when the United States will produce the many million dollars' worth of silk it now imports. * * *The American climate is almost universal; likewise soil conditions. Somewhere in our vast territory we can duplicate most foreign climates. It has been but a few years since we began to realize our climatic universality and its convenience; to learn that we can equal the rocky hillsides of Italy in growing olives and the sunny vineyards of Spain in producing the port flavor. Mr. Wilson's silk enterprise ought to interest the South immediately. Surely it is well worth investigating and trying.—St. Louis Republic.

—"Mercy me!" exclaimed Henpeck, "I left my evening paper in the car." "Well," remarked his neighbor, "that's not much loss." "No, but I paid a cent for that paper, and now that I haven't got the paper to show my wife she'll think I spent the cent for liquor."—Catholic Standard and Times.

THE PHILADELPHIA TRAGEDY.

Chorus Girl Shot Tuesday Improved Yesterday—Police Investigation.

By Wire to The Morning Star.

Philadelphia, April 19.—Bessie Helen Davis, a member of the chorus "The School Girl" company, who was shot yesterday by Edward Smedes, a member of the same chorus, was much improved today and the physicians tonight believe she will recover. Her condition, however, is still serious. She informed the police to-day that she forgives Smedes because she knew he loved her and that she reciprocates the affection. The police believe that if the young woman recovers she will not appear against Smedes. The injured woman admitted to-day that she had been married and that she was separated from her husband.

Vicksburg, April 19.—Edward Smedes formerly lived in this city. Years ago he enlisted in the United States navy. He is related to a well known Vicksburg family but they have not heard of his whereabouts for some time.

THE COTTON MARKETS.

New York, April 20.—The cotton market was moderately active considering the holiday feeling abroad and in spite of some covering for over Sunday ruled generally easier with prices reaching the lowest point of the present downward movement.

The opening was steady and unchanged, two points lower, and at first the market seemed in a way to do a little better on covering. Offerings soon became more pressing, however, owing to local bear pressure, following reports of more liberal offerings of spot cotton at the decline in the South and generally favorable weather. There was a little buying on the way down by Wall Street houses but prices worked off until July was around 7.26 when the market turned less active and became irregular. There was little sign of rallying power, however, and the close while steady in tone was within a point or two of the lowest at a net decline of 3@6 points. Sales, futures were estimated at 100,000 bales.

Spot closed quiet five points lower; middling uplands, 7.80; middling gulf, 8.05; sales 143 bales.

CHICAGO MARKET.

Chicago, April 20.—The price of wheat for May delivery broke an even 5 cents a bushel here today. The slump was generally believed be evidence of the abandonment of the deal in May wheat by John W. Gates. Heavy liquidation of May characterized trading during the greater part of the session. The lowest point of the day was reached at 1.08 1-2. Buying by shorts caused a partial recovery, but the market closed weak with May down, 3 5-8. July wheat finished 1-8@1-4 cent down. Corn is up 1-8@1-4c. Provisions are off, 2 1-2@5 cents.

SPIRITS TURPENTINE.

—Mr. W. C. McMackin, at Raleigh on Wednesday, at the request of owners of the dairies, made tests and found 12 cows giving milk that disclosed tuberculosis bacilli.

—Captain J. A. McPherson, ex-register of deeds, and a prominent citizen Democratic leader and Confederate soldier, captain of Company E, Sixth North Carolina Regiment, died at 5 o'clock Wednesday morning in Fayetteville.

—Charlotte Chronicle: In an effort to show how Southern people build cotton mills, The Gastonia News says that the work of building the New Modena Mill was practically under way with ten days after the directors had decided to build the new mill. Our mill builders have a way of first laying plans, then going ahead.

—Work on the Masonic Temple in Raleigh is to begin before fall and by the time the winter arrives the foundation will be laid for this handsome building to be erected corner of Fayetteville and Hargett streets. Such was the determination of the Masonic Temple committee which met there Wednesday in th eoffice of Grand Secretary John C. Drewry.

Report was lodged at police headquarters in Mobile, Ala., Wednesday of an attempt Tuesday on the life of Mrs. Florence Hogan by means of a box of candy sent her through the mails by some unknown person, presumably as a birthday present. Tuesday being her anniversary. When she opened the box she found it contained candy, which emitted a peculiar odor and was covered with a fine powder. She took it to a nearby drug store and was informed that it contained enough poison to kill fifty people. Detectives are on the case and it is understood the government will make an investigation.

Greensboro Record, April 19: Mr. John W. Cook, who has quite an orchard near the city, says he made a minute examination of fruits, peaches especially, this morning, and did not find a single peach that was killed. His place is some distance this side of Pomona. Mr. Young, it will be recalled, said yesterday that perhaps tow-thirds of his peaches were killed. It may be that the frost is somewhat "sectional" in its work. There was more frost this morning, almost as heavy as yesterday morning.

—Rocky Point correspondence Pender Chronicle: Mr. Reuben Corbett sent to Wilmington two cart loads of Spring lambs last week. There were 20 in all and they brought $100. Think of it! They never cost him over $10 for feed, which was fall rye and cottonseed meal; young man, don't go West, but buy some sheep and do likewise. Plant Essex rape for early grazing, then autumn vetch, a sample of which is here enclosed with letter from Prof. W. J. Spillman, agrostologist. This plant has been growing wild here for 20 years. No notice was taken of it until your correspondent sent a sample to Washington.

—Charlotte Chronicle: The Raleigh dispensary made net profits of $12,500 for the first quarter of 1905, this being a gain of $4,500 over the corresponding period of 1904. As a money-maker the dispensary is a success, but as a factor for prohibition it is a dismal failure. The pastor of the Raleigh Baptist Tabernacle wants the institution wiped out. He sees but little difference between the dispensary, with drinking places, and open saloons. To make Raleigh a prohibition town it is necessary to vote out the dispensary. If it did not make so much money it doubtless would ge voted out in short order.

—The Kinston Free Press states that the city Democratic primary on Tuesday resulted in complete victory for the adminstration candidates. Mayor N. J. Rouse was nominated by a majroity of 85 over ex-Mayor Geo. B. Webb. The successful candidates for nominees of the Board of Aldermen were: J. H. Ellis, R. L. Crisp, E. L. P. Tapp, H. E. Moseley, J. A. McDaniel and J. T. Skinner, five of the six aldermen being administration candidates. During the history of the city no more hotly contested election has ever been held, yet it was quiet and orderly throughout and very little bitterness is apparent the day after. The contending sides were on the grounds from the minute the polls opened until the votes were counted, and every inch was contested with a determination that showed both sides to be organized and in the fight to win.

—Mount Olive Tribune: The Department of Agriculture, at Washington, D. C., has established a diversification or test farm at Mount Olive on the farm of Senator D. J. Aaron. Prof. M. A. Crosby, of the National Department, was here last Saturday and completed all arrangements for the establishment of the farm, which will be of much value to the farmers and truckers of this section. An effort has been going on in a quiet way for some time to get the Department to locate the farm here, and its successful culmination is not only a compliment to Senator Aaron's untiring energy, but is a deserved recognition of Mount Olive's superior soil and climate. The Department of Agriculture is establishing a number of diversification farms in the cotton States with a view to aiding farmers in diversifying their crops, and the Mount Olive farm is the first one to be placed in North Carolina. Senator Aaron's farm site, which has been selected for the experiments, contains some of the best soil to be found in this farming and trucking district. Mr. Aaron grows now strawberries, cabbage, potatoes, and other small truck, and cotton, corn and peas. To these crops will be added alfalfa, a forage crop, vetch and some other winter cover crops. The Department has leased a certain portion of the farm for a period of three years, but it is probable that the farm will be continued after that time. The greatest attention will at present be directed to the cultivation of alfalfa, a high class forage crop. The farm will be cultivated by Mr. Aaron, under the supervision of the Department.

ASK HYDE'S RESIGNATION.

Affairs of Equitable Again Aired in New York Meeting.

By Wire to The Morning Star.

New York, April 19.—After a protracted session behind closed doors, the two hundred or more general agents of the Equitable Life Assurance Society to-day adpoted a resolution calling upon Vice-President J. H. Hyde to resign from his position with the organization and appointing a committee of five from their number to call on Mr. Hyde and present the demand.

When the meeting of the agents adjourned to-night this committee had not called on Mr. Hyde, neither had they reported to the convetion.

The agents went into session at 11 o'clock and it was 3 o'clock before a recess was taken for luncheon. During all the time loud talking occasional interruptions of speakers indicated that there was a warm debate over some question under consideration. Later it was learned the discussion concerned the Hyde resolution and its construction.

When the recess was taken Mr. Hyde was informed that the committee of agents would reach his office at 4 o'clock. At 5:30 the committee had not appeared, and Mr. Hyde left for home. Mr. Hyde said:

"I have not seen the committee and I have not seen the resolutions, but I consider them impertinent, extraordinary, insulting and most preposterous. I have not intention or resigning."

It was almost half past four when the agents again went into session, and the latter part of the day's meeting was from all indications more peaceful than earlier in the day. It was said that at the earlier assemblage, all but 17 of the agents had voted to request Mr. Hyde's resignation, and in support of Mr. Alexander. The number voting for the resolution is said to be 193. The committee of five appointed to wait on Mr. Hyde is composed of Chas. Wake, New York; Frank Levy, New Orleans; C. J. Edwards, Brooklyn, N. Y.; W. J. Reddy, South Carolina. At the latter session and while awaiting the appearance of this committe a permanent organization was formed and a committe was elected to go to Albany Friday to petition the insurance commissioner and Governer Higgins to urge the mutualization of the Epuitable. It was after the appointment of this committee that it was decided that it would be advisable to form a permanent organization and a committee on permanent organization of business "National Association of Managers" was named.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

A. H. MERRITT.

"Tired in the Morning"

This condition is unnatural. A healthy person gets up in the morning well rested, feeling fine and ready for the day's work.

If you get up in the morning tired, it simply means that your nerves have not rested and their restlessness has not allowed you to rest in the healthy, normal way.

"Tired in the morning." "Run down." "All worn out"—these signs are the warnings—they mean that your nerves need attention.

You must feed some new power to your nerves.

That is just what Paine's Celery Compound does. It feeds new power to the nerves and builds them back to healthy strength.

It makes new Nerve Force.

It makes new vitality and makes life worth living.

That is just why for the past 18 years Paine's Celery Compound has been the most universally used tonic in the world.

A. H. MERRITT'S EXPERIENCE WILL PROVE VITALLY INTERESTING TO THOUSANDS.

"Two years ago I had a nervous disorder that completely prostrated me. I couldn't sleep, and would lay and toss about all night, arising in the morning more tired than ever, head heavy, eyes dull and every bone and muscle aching. I tried to get along without calling in a doctor, but was finally driven to it. He treated me for some time, but with no perceptible improvement in my health. Some one recommended your Paine's Celery Compound. The change it effected in my system was noticeable almost instantly. I gradually took on flesh. The 'all-gone' feeling left me. In less than six weeks I was fully recovered from what looked to me like an everlasting sickness. I feel actually grateful to you, as my health to-day is a testimonial of what your medicine can do. Yours very truly."—A. H. Merritt, 32 Music Hall Building, Boston, Mass., Feb. 12, 1904, Bandmaster First Regiment Band, Heavy Artillery, M. V. M.

Try Paine's Celery Compound to-day.

Its effect is almost instantaneous—the nourishment and vigor given to the nerve system by Paine's Celery Compound is felt at once.

The patient feels this at once and gains confidence by it.

The stronger nerve forces have begun at once to make each organ of the body do the work that nature expects of it.

Two days' treatment with Paine's Celery Compound will prove its marvelous power.

For over 18 years Paine's Celery Compound has been the most universally used nerve vitalizer and tonic in the world.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this world has ever known, Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.

The Morning Star.

WILMINGTON, N. C.

Friday Morning, April 21.

WARM WIRELETS.

At Memphis, Tenn., yesterday the warehouse of Crane Brothers was gutted by fire. Firemen Edward Murphy and Wm. Cox were probably fatally injured and two other firemen seriously hurt.

Henry Kirn, a large and wealthy trucker in Virginia, yesterday estimated that the damage done to crops by the late cold snap and frosts, will amount to over $1,000,000 to farmers of Tidewater Virginia alone.

Mayor Edward F. Dune, of Chicago, yesterday sent a telegram to President Roosevelt, inviting him in behalf of the people of Chicago to visit that city. The executive on arrival will be given a luncheon by the Merchants' Club. During the afternoon he will be tendered a reception at the Hamilton Club and in the evening he will be the guest of honor at the leading Democratic Club at Iroquois club.

A part of the first section of the North-bound Cincinnati and Florida Limited on the Southern Railway was wrecked in a burning trestle six and a half miles from Rome, Ga., yesterday No one was killed but several of the crew were injured. The section carried only baggage and express and mail cars. The engine passed over the burning bridge but the two cars following went into the burning structure. The trestle caught from forest fires.

Miss ..gnes Watson, only daughter of Thos. E. Watson, was married yesterday afternoon at the home of her parents in Thomson, Ga., to Oscar S. Lee, a merchant. Owing to the effects of a recent illness due to the accidental taking of an overdose of medicine, the young lady is still under the care of a nurse, and the marriage ceremony was made as simple and brief as possible. The honeymoon will be spent at Seabreeze, Fla.

Acting Secretary Loomis yesterday received from the Department of Justice a report upon an investigation conducted by one of its special agents at the instance of the State Department into the death of Jos. Leanto, an Italian citizen who was shot at the little station of Lorton, a few miles below Alexandria, Va., April 6th. The agent reports that Leanto "died from gunshot wounds while offering resistance to lawful arrest." When the report of the Governor of Virginia is received on the same affair, the two will be communicated to the Italian embassy here.

MR. JOSEPH JEFFERSON

Eminent Actor's Condition So Improved That It is Believed He Will Recover—Sitting Up.

By wire to The Morning Star.

West Palm Beach, April 20.—There is every indications that Joseph Jefferson will recover. Chas. B. Jefferson, his son, is confident, Dr. R. B. Potter, his physician, is hopeful and Mabel Bingham, the nurse, thinks the worst is over.

The reports that Mr. Jefferson was suffering with pneumonia are untrue. His illnes is due to over-exertion on a visit to Hobe Sound. Added to exhaustion there was a general weakness caused by indigestion from which he suffered last Spring. This ailment returned and was in their very pronounced. Tuesday night when there was such a decided change for the worse it came after days of failure to retain nourishment. Although he told his son Frank, who was at his bedside at that time that he wanted to pass away quietly, indicating that he apeared fearful of the end, he was the first to say yesterday that he would recover and today he has been talking cheerfully and asking that arrangements be made for his return to his northern home.

From what Dr. Potter says the assurance of recovery came when Mr. Jefferson was able to retain nourishment. This favorable condition was pronounced today when he called hour. ly for food and retained all given him. Chicken broth was his diet for the forenoon and this afternoon he has taken tea, milk and toast.

At 4 o'clock he asked to be permitted to sit up and his request was granted. His room is on the second floor of his cottage and only about fifty yards from the ocean which he so admires. He did not tire and enjoyed the cool breeze while chatting with the nurse.

Despite the fact that Mr. Jefferson has been almost at the point of death, Dr. Potter, who lives at West Palm Beach, two miles from the Jefferson home, has not been constantly at the bedside of his patient except during the few hours Monday night when the change for the worse occurred and was called. Mr. Jefferson revived to such an extent that ihs physician felt justified in returning home and making only visits at intervals of three hours, each time noting an improvement. Dr. Potter said to the representative of the Associated Press at 7:30 tonight that he would not go to the Jefferson home tonight unless called. This assurance of the condition of Mr. Jefferson was accepted by his family as indicating that the worst is over and it came after the family had noted many changes for the better during the day.

SOUTHERN DOUBLE TRACKING.

Steps to Straighten and Put In Tracks at Danville.

By Wire to The Morning Star.

Danville, Va., April 20.—The long expected change in the Southern Railway tracks between this city and Stokesland will soon be consummated. The company is going to reconstruct, straighten and double track the line between these points at an early date. The surveys have already been made and options taken for the new rights of way made necessary in view of the changes contemplated.

By this change several of the public road crossings between these two points will be eliminated. James H. Harrison local attorney for the Southern, left for Washington to arrange for the closing of the options for the rights of way. Mr. Harrison stated on leaving that work will be begun on the constructing and changing of the road bed at a very early date and pushed rapidly to completion.

RUSSIAN FLEET IS STILL SAFE

One Report Says It is In Kamranh Bay, Off French China.

COLLIERS GAVE JAPS SLIP

Russians Elated That None Have Been Captured—France Assures Japan That She Will Maintain Neutrality.

By Cable to The Morning Star.

St. Petersburg, April 20.—5 P. M.—It is claimed here that Admiral Rojestvensky has not over stepped the French rules of neutrality at Kamranh Bay, the coaling and provisioning of his ships occurring outside territorial waters. Russia has not been advised that Japan has lodged a protest in Paris. The charges of Russia's violation of neutrality coupled with the revival of the story that Russia intends to send her Black Sea fleet through the Dardanelles and the report that the British Mediterranean fleet has been sent to the Aegean sea to head off the Russian fleet cause extreme irritation. The Associated Press is again authorized to state that Russia has no intention of sending out the Black Sea fleet.

The admiralty officials are quite elated over the receipt of news showing that not a single collier despatched to the China sea through the Straits of Sunda, for the purpose of throwing the apanese off the scent when Admiral Rojestvensky passed through the Straits of Malacca, fell into the hands of the Japanese. Rojestvensky reached the Straits of Melacca before the colliers arrived at the Straits of Sunda and the Japanese then withdrew from the latter straits, having missed both the quarry and the decoys.

The admiralty is silent as to whether Rojestvensky left Kamranh Bay.

Japan's Protest.

Tokio, April 20.—5 P. M.—The reply of France to the protest of Japan against the Russian squadron's using Kamranh Bay has not been received in Tokio but is expected shortly. The statement that the cabinet and the elder statesmen after a conference had forwarded a protest is incorrect. France was approached through the usual diplomatic channels. The officials here are not certain whether the Russians are still at Kamranh Bay, although they were reported to be there yesterday.

Russian Fleet Lingers.

Saigon, April 20.—Admiral Rojestvensky's fleet is still in Kamranh Bay. The French Admiral, Jonquieres, has taken every step to secure neutrality.

Japs Flanking Russian Position.

St. Petersburg, April 20.—A dispatch from Gunshun Pass says the Russians have discovered a turning movement eighty miles northwest of Kuanchentzu (about thirty miles northeast of Gunshun Pass) by two forces each of 3,000 Chinese bandits, several thousand Japanese cavalry and twenty-two guns. Kuanchentzu is identical with Chanchun the extreme right of General Linevitch's main front, which extends thence towards Kirin.

Never Met Jap Fleet.

St. Petersburg, April 21.—2:15 A. M.—The ministry of finance has received a telegram from a confidential agent at Shanghai giving a rumor that Vice Admiral Rojestvensky has already passed the Straits of Formosa without encountering Vice Admiral Togo.

France Assures Japan.

Paris, April 20.—Acting upon instructions from his government Dr. Kongomo, the Japanese minister, called on Minister Delcassee this afternoon and submitted representations on behalf of Japan concerning the presence of the Russian Pacific squadron in Kamranh Bay. An official communication issued after the meeting states that Minister Konomo's action had not the character of a formal protest against an alleged violation of neutrality but was to obtain assurances that France would observe strict neutrality.

Notwithstanding the official version it is evident that the intention and effect of Minister Konomo's action is that of a protest.

Foreign Minister Delcasse responded to the representations of the Japanese miinster by pointing out the precautions heretofore taken to preserve neutrality and the special instruction recently sent to the governor general of Indo China upon continued care to preserve neutrality. M. Delcasse's assurances sought to allay the apprehensions of the Japanese, which he maintained, had not been justified by any specific facts.

The exact terms of Japan's representations have not been disclosed but it is understood that while having the usual courteous form of diplomacy, they set forth that serious apprehensions had been aroused by the stay of the Russian warships in Kamranh Bay and the urgent desire that French neutrality be placed beyond doubt. The terms of the French response, although not given out, tend to give ample assurances upon all the questions raised.

Rumors About the Fleets.

London, April 21.—Although the information has been cabled from Saigon, French Cochin China, that Admiral Jonqueires, who went to Kamranh Bay in order to assure the observance of French neutrality by the Russian Pacific squadron has returned to his flagship at Saigon, the dispatch conveys no information as to whether or not Rojestvensky ships are still in Kamranh Bay. Neither is there any definite news regarding the progress eastward of Vice Admiral Nebotaoff divisions of the squadron. Whilst the French report that he had reached the Sunda Straits is not believed on account of the known slowness of his vessels, it is considered within the bounds of possibility that Rojestvensky's lingering in Kamranh Bay may be due to the conviction that Nebogatoff will soon join him.

The Morning Post's correspondent at Shanghai declares that Shanghai is the headquarters of the Russian intelligence service directing the movements of Vice Admiral Rojestvensky. The correspondent reports that there are indications of a likelihood of the interned Russian cruiser Askold's attempting to quit the port. Five Chinese warships, its added, have been ordered to watch her.

Japanese Army Advancing.

St. Petersburg, April 21.—A telegram from the seat of war in Manchuria states that the Japanese armies are advancing northward, preceded by cavalry.

CARNEGIE MAKES OFFER.

Gives Guildford College $43,000 If Its Friends Will Duplicate.

By Cable to The Morning Star.

Charlotte, N. C., April 20.—Upon representation made to him through officers of the institution and endorsed by Vice-President, Fairbanks, Speaker Cannon, President McIver, of the State Normal and Industrial college, Congressman Dixon, of Montana and others, Andrew Carnegie has agreed to give Guildford college, the institution of the North Carolina Friends, in Guilford county, North Carolina $45,000, provided that sum is duplicated by friends of the institution. The institution having been engaged in an effort to raise that amount for some time, it is thought the sum will soon be available.

DAUGHTERS REVOLUTION HAVE LIVELY ELECTION

Mrs. Donald McLean, of New York, Elected President General—Mrs. Linsay Patterson, of North Carolina, Vice President.

By wire to The Morning Star.

Washington, D. C., Mrs. Donald McLean, regent of New York City Chapter of the Daughters of the American Revolution, to-day was elected president general of the national society, D. A. R.

The announcement early in the session of the result of the ballot taken yesterday for national officers, which resulted in no election for president general, indicated that the contest was extraordinarily close. On the first ballot Mrs. McLean received 342 votes of a total of 717 cast, leaving her just twelve votes short of an election. Mrs. George M. Sternberg, District of Columbia, received 201 votes and Mrs. Chas. Warren Lippitt, of Rhole Island, 164 votes. Mre. Lippitt withdrew from the contest.

The second ballot resulted: Mrs. McLean 362, Mrs. Sternberg, 322; blank 6, total 690. As the vote was announced a wave of enthisastic applause swept over the auditorium and galleries. Some of the women screamed as a vent of their emotions. Other cried and became hysterical. Every delegate in the hall was on her feet. No attempt was made by the president general to control the demonstration or to stay it. When some measure of order had come to the assemblage, the president general recognized Mrs. Sternberg who moved that the election of Mrs. McLean be made unanimous. Mrs. Lippitt claimed the privilege of seconding the motion. By this time, the enthusiastic friends of Mrs. McLean, in response to calls of "McLean, McLean" which rang through the hall, had escorted Mrs. McLean to the stage As the successful candidate appeared at the desk of the president general, Mrs. Fairbanks rose and the two women clasped hands cordially. Delegates and spectators cheered themselves hoarse at this demonstation of good will. Mrs. Fairbands then put to the congress the motion of Mrs. Sternberg. It was carried enthusiastically, but there were a few scattering "noes." The negative votes were received with hisses. Sharply rapping for order, President General Fairbanks said:

"The chair desires that demonstration to cease. Daughters of the American Revolution do not hiss. Their guests must not. I ask the ladies who voted "no" to join heartily in suport of Mrs. Sternberg's motion."

Mrs. McLean then was recognized and delivered a short speech in which she expressed profound appreciation of the honor done her and the hope that all the daughters would stand with her in support of the society and its objects. Of the sixteen candidates was decided by the congress that the ten—the number to be elected—received a majority of the votes cast. It fas decided by the congress that the ten receiving the highest number of votes should be declared elected. This resulted in the election of the following:

Mrs. John Walker, Kansas City, No. 518.

Mrs. Mary Wood Swift, San Francisco, Cal., 515.

Mrs. Chas. H. Deene, Moline, Ill., 500.

Mrs. O. J. Hodge, Cleveland, O., 447.

Mrs. J. J. Estey, Battleboro, Vt., 445.

Mrs. Lindsay Patterson, Winston-Salem, N. C., 438.

Mrs. H. S. Chamberlain, Chattanooga, Tenn., 439.

Mrs. John Cunningham Hazen, Pelham Manor, N. Y., 436.

Mrs. George W. Nichols, Spartanburg, S. C., 420.

Mrs. Franklin E. Brooks, Colorado Springs, Colo., 417.

Other officers were elected as follows:

Recording Secretary General—Miss Mary Desha, Washington, D. C.

Corresponding Secretary General—Miss Virginia Miller, Washington, D. C.

Registrar General—Mrs. Stewart Kamieson, Washington, D. C.

Some lively scenes marked the worked preliminary to the second ballot, Mrs. Peele, of Chicago, rose to a question of privilege. President General Fairbanks reserved the right to decide whether it was a question of privilege.

"Yesterday, or the day before," said Mrs. Peele, "it was declared no campaign speeches would be heard."

Amid the uproar which followed, President General Fairbanks replied: "Back to your seat. You have not kept faith."

Order was restored finally and balloting for president general was begun.

VANDERBILT GUTTED BY FIRE.

Magnificent Building Cost $125,000, Now in Ruins.

By Wire to The Morning Star.

Nashville, Tenn., April 20.—The main building of Vanderbilt University was gutted by fire today. The fire originated in the second story of the building from a defective flue. A high wind was blowing and in a few minutes the structure was a mass of flames. A general alarm was turned in and every engine in the city responded. On account of inadequate water supply the firemen experienced much difficulty in fighting the fire. The loss is placed at $200,000 with $115,000 insurance on building and furnishings. The operation of the university will not be interfered with. The main building was of brick and splendid proportions. It was built in 1874, at a cost of $125,000, the architect being Col. Wm. C. Smith, of Nashville, who met his death in the Philippines while leading the First Tennessee regiment in battle. It was the first building erected on the grounds. So far as known no one was injured in the fire.

DUNN DISPENSARY

Defeated yesterday in Favor of Prohibition—The Result.

(Special Star Telegram.)

Raleigh, N. C., April 20.—The proposed dispensary was defeated at Dunn to-day by a majority of forty-one votes. There was intense interest in the election throughout the day, but everything passed off quietly. The contest was between dispensary and prohibition, the latter being the existing status.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." R. R. Bellamy, druggist, guarantees them at 50c. ••

DANIEL J. SULLY THE COTTON BULL

Referee Recommends That Bankruptcy Proceedings in His Case Be Reopened

SOME SENSATIONAL POINTS

Referee Declares Cotton Exchange Transactions Are Gambling and If Court Sustains That View Sully is Solvent.

By Wire to The Morning Star.

New York, April 20.—McGrane Coxe, referee in bankruptcy of the Daniel J. Sully case, today sent Judge Hall of the United States District Court, an opinion, which, if approved by the court, will reopen the Sully case entirely and bring up for adjudication several important and almost sensational points. The opinion is given upon the application of two sets of petitions, one from Edwin Hawley and Frank Ray who have been sued by Sully's trustee in bankruptcy for certain sums alleged to have been lost through participation with Sully in alleged cotton pools and the others from creditors who are not members of the Cotton Exchange.

Three questions were brought up: First, whether $1,000,000 paid on Saturday, March 18, 1904, was a preference nad so illegal; Second, whether the Fridays prices or Saturdays prices should determine the amount the Sully estate owes; and Third, whether transactions on the Cotton Exchange are gambling transactions. The opinion of the referee is that the case should be reopened. If Judge Hall decides in his favor, this will reopen the whole question and if the claims are decided it will make an immense difference in the amounts due. If it is proven that Cotton Exchange transactions are gambling transactions, Sully is solvent and will not owe a cent. Referee Coxe in his report said:

"I think that the petitioners have a direct pecuniary interest in showing if they can, that, upon a proper determination on the law and the facts, there would be sufficient assets in the estate to preclude any right to recovery against them, and that this is the only proceeding in which such a determination can be had, and that they must, therefore, be held to be parties in interest within the meaning of the bankruptcy act

"Large sums of money, it is alleged, were paid by the bankrupts by way of margins within four months and within a very few days of the bankruptcy, and it is not unreasonable that creditors who have not received such sums should desire to examine the facts with a view to ascertaining whether such payments have not been such as are known as preferential payments under the bankruptcy act. It does not seem to me inequitable to permit a judicial investigation into this matter."

The referee then quoted the rule of the New York Stock Exchange which provides that when a member announces his inability to meet his obligations his contracts shall be settled at the average quotations for like contracts on that day; unless the notice of the failure is given within an hour of the time of the closing of the exchange, in which case the average quotation for contracts in the subsequent day shall be the basis of settlement. The referee says the trustee in bankruptcy and opposing creditors aver that the Sully notice of suspension was given after 2 P. M. while the petitioners, on the other hand, claim the notice was sent to the superintendent of the exchange by 2 P. M. Referee Coxe adds:

"The petitioners ask to be permitted to attack the legality of the rule, and also to show that, even under the rule, the average price at which these cotton contracts should be settled should really be its average price of Friday. The average price of Saturday was very much lower than the average price of Friday. The bankrupt had on hand a large amount of cotton against the contracts. If, therefore, they were to liquidate these contracts at the higher prices for the cotton of March 18 it would follow that there would be much less money owing by them, if anything, than would be owing by them if the settlements were made on the average price of Saturday, March 19. It is manifest that under this rule a tremendous power is given to the superintendent of the exchange. It seems to me that such a rule, fraught with such important consequence to so many people if it is to be maintained at all, should be maintained upon a strict compliance with its terms; and that petitioners here have an equitable right to be heard to show if they can, that it has not been complied with and that by such non compliance their property rights have been detrimentally affected.

"Counsel for the trustee argued that the only statements in the petition which touch upon the illegality of the exchange claims and the question of wagering are made on information and belief and therefore should not be considered. For the reasons stated I am forced to the conclusion that the petitioners here are entitled to the relief they ask."

NAN PATTERSON INNOCENT.

Her Lawyers Confident That They Will Acquit Her.

By Wire to The Morning Star.

New York, April 29.—The three lawyers who are acting as counsel for Nan Patterson in her trial for the murder of "Caesar" Young, had a conference with her in the Tombs prison today at which the plans of the defense and the personnel of the jury were discussed. Lawyers Abraham Levy, Henry W. Unger and Daniel O'Reilly were present. Miss Patterson expressed her pleasure at the composition of the jury which was completed yesterday and disappointment at the delay in postponing the taking of testimony until Monday. "I am sure of an acquittal this time," she told Lawyer Levy, "and every day only adds to my misery in the Tombs. Ten months and three weeks is a long time to be shut up in prison."

Lawyer Levy said today: "We have new witnesses who will establish Nan Patterson's innocence beyond a doubt. We go into this trial 100 per cent. stronger in point of evidence than we did the last trial. We are not going to upon the failure of the prosecution to prove its case for an acquittal. We are going ot prove the innocence of Nan Patterson."

TARBORO PRIMARY ELECTION.

Former Mayor Pender Had No Opposition—Gen. Cotton Defeated.

(Special Star Telegram.)

Tarboro, N. C., April 20.—A primary for the nomination of candidates for town officers was held from 6 to 9 o'clock this evening. Mayor Allsbrook retired from the race sometime ago and left his predecessor James Pender without opposition. An animated fight is centered in the office of Chief of Police and it is believed Gen. John W. Cotton will be defeated by Frank P. Pully, one of his subordinates, by a good majority. Only a moderate vote was polled.

ROOSEVELT'S HUNT

He is Having a Royal Time, But Does Not Appear to Be Killing Many Bears.

By Wire to The Morning Star.

Glenwood Springs, Colo., April 20.—That President Roosevelt is enjoying royal sport in his hunt for Rocky Mountain grizzlies is attested by Secretary Loeb, who returned from the camp late today after having spent last night with the President's party.

While the only game pulled down thus far is a bear shot by the President and a lynx or bob-cat shot by Dr. Alexander Lambert, of New York, there has been plenty of recreation. Every day the dogs have followed trails that looked promising, showing that there are more bears to be found in the region now being hunted. Camp will not be moved until Saturday. Then the party will settle on West Divide Creek, within twenty miles of the present camp and four miles nearer New Castle.

Secretary Loeb was told the story of the killing of the bear. The dogs had several times caught up with the bear, and had annoyed him until he was in a vicious mood. Finally, when he was at bay two or three members of the party, including the President, came up with the dogs. One dog had been killed and several others severely wounded, and the grizzly was playing havoc with the other dogs that were tantalizing him. To save the dogs, the President had to shoot hurriedly. Every sweep of the bear's paw bowled over a hound and rather than see any more of the pack killed, the President took the chance of shooting among the dogs at the bear. He fired once and hit the animal in the shoulder. Firing again he killed his game. He takes great pride in his first trophy of the hunt.

The most important business between the President and Secretary Loeb was in reference to appointments that have been made. The President signed the appointment of Geo. W. Atkinson, of West Virginia, to be judge of the United States court of claims, as well as several pardon cases.

NUTTY METHODIST PREACHER.

Threatened to Kill Sam Jones If He Didn't Marry Him.

By wire to The Morning Star.

Montgomery, Ala., April 20.—Rev. Sam P. Jones, of Cartersville, Ga., the well known evangelist and lecturer, had an unusual experience here today with another minister who threatened his life.

Mr. Jones was in Montgomery en route to Tuskegee, Ala., where he tonight delivered a lecture at Booker Washington school. Sam H. Windham, a Methodist preacher, whose home is at Dothan, Ala., accosted him on the streets and persuaded him to accompany Windham to the latter's room in a hotel.

No sooner were the two in Windham's room than the preacher turned to Mr. Jones, after first locking the door and placing the key thereto in his pocket, and said:

"God has directed me to go to Dothan, Ala., and get married and to take you with me to perform the ceremony. Then we are to conduct a meeting in Dothan, after which we will return to Montgomery and conduct a meeting here.

"If you don't assent to this, either you or I must die."

At this moment a bell boy knocked at the door and informed Mr. Jones that he was wanted at the telephone. Excusing himself, he managed to leave the room. He was followed to the depot, however, by Mr. Windham, who was arrested there by Detective Payne.

Windham, who has been an inmate of an insane asylum, and who has been three times divorced from the woman he wishes to wed again, is held at police barracks as a suspicious character.

At 7:30 P. M. an English Vesper service with a sermon appropriate to the day will be held. The black set of chancel coverings presented by the Dorcas Society will be seen for the first time. The choirs of the church will render music suitable for the day.

THE RALEIGH PRIMARIES.

No Choice For Mayor Yesterday—Albemarle Presbytery Adjourned.

Special Star Telegram.

Raleigh, N. C., April 20.—Albemarle Presbytery in session here the past three days adjourned at 11 o'clock tonight to meet next year at Nut Bush near Henderson.

The Democratic primaries here today failed to nominate a candidate for Mayor, police justice or city tax collector, so that justice or city tax collector necessary. Vote for Mayor: James Johnson, 705; Frank Stronach, 567; J. S. Wynne, 226. Necessary for a nomination 750. W. W. Wilson, for city clerk, was the only officer at large nominated, and two aldermen squezed in by one vote. A second primary will be pulled off between Johnson and Stronach for mayor, and Thomas Badger and B. C. Beckwith for police justice, the latter a new office created by the last Legislature.
